

AMENDMENTS TO THE DRAWINGS

The attached drawing sheet includes a change to Fig. 5 and replaces the original drawing sheet having Fig. 5 thereon. In Fig. 5, a drafting error in block 504, identifying the query as being whether there was “less” than a threshold, contrary to the Specification, has been corrected. Amended Fig. 5 corrects the label of block 504 to --more than a first amount of write data--.

Attachment: One Replacement sheet.
